

Certificate of English Language Editing

Manuscript Title:

The Role of Complement in Alcoholic Liver Disease

Date Issued:

April 9, 2018

This document certifies that the manuscript listed above was copy edited for proper English language related to grammar, syntax, word choice, and sentence construction by Accdon. LetPub is the flagship professional editing brand of Accdon. All of our language editors are native English speakers with long-term experience in editing scientific and technical manuscripts. They are committed to leveling the playing field for researchers whose native language is not English.

- This certificate confirms that copy editing of the manuscript has been performed; however, it does not confirm the quality of the scientific or technical content unless otherwise stated. Neither the research content nor the authors' intended meaning were altered in any way during the editing process.
- Documents receiving this certification should be considered ready for publication where language issues are concerned. However, the authors may accept or reject Accdon's suggestions and changes at their own discretion.

Note: Accdon cannot guarantee the language editing quality for manuscripts that have been altered by the author after our copy editing service has been performed.

- If you have any questions or concerns about this edited document, please contact Accdon at support@letpub.com

Accdon specializes in editing, translation, proofreading, and publication counseling, working with researchers and publishers around the world. For more information about our company, services, publisher collaboration, and partner discounts, please visit www.letpub.com.
