**Role of imaging methods in diagnosis and treatment of Morton's neuroma**

Fernando Ruiz Santiago, Pablo Tomás Muñoz, Patel Pryest, Alberto Martinez  
Martínez, Nicolás Prados Olleta

**Abstract**

Among the many causes of forefoot pain, Morton's neuroma (MN) is commonly implicated for many reasons: the high incidence in women, the controversies about its relationship with symptomatology and the variability in diagnostic and treatment choices. This article is mainly focused on the role of the imaging
