

Language Certificate Letter

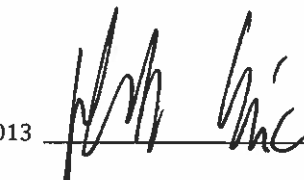

Dear Ling-Ling Wen, Science Editor, Editorial Office of WJG,

I am a native-English expert from North Carolina, USA. I am a co-author, and hence I have read and evaluated the English language in the entire manuscript by Brock, *et al.* entitled **Pathophysiology of Chronic Pancreatitis (No. #3993)**

It is my professional opinion that the English language in the manuscript fully complies with international standards.

Best Regards,

August 16th 2013
