Clinical Focus: Oncology - Case Report ... Although colon cancer itself can cause a colovesical fistula, at the time of diagnosis, our patient had an intact fat pad.

Colovesical fistula as the initial manifestation of advanced colon cancer: A case report and review of literature

Skierucha M *et al.* Colovesical fistula as the first manifestation of an advanced colon cancer

Malgorzata Skierucha, Wojciech Barud, Jerzy Baraniak, Witold Krupski

Abstract

Colovesical fistulas (CVFs) are rare complications of very advanced cancers of the abdominal or pelvic cavity and often cause diagnostic troubles. CVFs are found more often in males, whereas females usually suffer from rectovaginal or vesicovaginal fistulas. This article presents a case of a female patient who was admitted to the
