## **Role of endoscopic therapy in early esophageal cancer**

Malik S *et al.* Endoscopic therapy in esophageal cancer

Sonika Malik, Gautam Sharma, Madhusudhan R Sanaka, Prashanthi N Thota

### **Abstract**

Esophageal carcinoma is a highly lethal cancer associated with high morbidity and mortality. Esophageal squamous cell carcinoma and esophageal adenocarcinoma are the two distinct histological types. There has been significant progress in endoscopic diagnosis and treatment of early stages of cancer using resection and ablation techniques, as shown in several trials in the recent past. Earlier detection of esophageal cancer and advances in treatment modalities have lead to improvement in the 5-year
