

***Stallard Scientific Editing***  
your trusted partner in English-language excellence

10 November 2018

To whom it may concern,

This letter certifies that the manuscript by Anami et al. entitled

**Successful endovascular treatment of endoscopically unmanageable hemorrhage  
from a duodenal ulcer fed by a renal artery: A case report and review of the  
literature**

has been edited to Grade A by a native-English-speaking scientific editor. The edited  
text is shown in the following pages of this document.

Yours sincerely,

Aaron Stallard
