Re.: Biostatistics Review Certificate

To Whom It May Concern

This letter serves to declare that the systematic review of the literature with the title ***Fatigue in adolescents with inflammatory bowel disease*** was thoroughly reviewed by the undersigned. This paper does not include original statistical analyses. Pooling of data was greatly jeopardized because of heterogeneity between studies and was therefore not undertaken.

Please contact me if you have any queries.

Yours sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'P' followed by a horizontal line extending to the right.
