SPECIFIC COMMENTS TO AUTHORS

Couri et al. presented a case with Acute portal vein thrombosis (PVT) after liver transplant. The case is interesting. I have some questions and comments;
1- Did you investigated inherited risk factors for acute PVT? 2-Did you

transplantation. This is an important issue to be considered in order to ensure its early diagnose and treatment. Generally, it is a very in depth study, well written and well organized. Minor degree of language polishing is required. More recent studies regarding portal vein thrombosis, published during the period 2016-18, is better to be included in the manuscript.
