Dennis A Bloomfield, FACC, FACP, FRACP, FRCP (Hon), MD, MRCP, Professor
Editor-in-Chief
World Journal of Clinical Cases

Manuscript NO. : 43091

Dear Editors-in-Chief,

I checked statistical methods in the manuscript entitled “Risk factors for perforation during endoscopic retrograde cholangiopancreatography in post-reconstruction intestinal tract”. I confirmed that the authors adequately conducted statistical analyses with appropriate description.

If there were any problems about the statistical analyses, please let me know.

Sincerely,

Hiroshi Yokomichi, BMath, MD, MPH, PhD, Associate Professor
