

Certificate of Biostatistics

26 October 2018

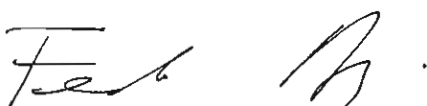

To whom it may concern

Title of the Study: Incidence, risk factors, and clinical outcome of BK polyomavirus infection after kidney transplantation: a prospective observational study.

Principal Investigator: Evaldo Favi Renal Transplantation, Fondazione IRCCS Ca' Granda, Ospedale Maggiore Policlinico, Milan, Italy.

This letter is to confirm that I performed the statistical analysis of the manuscript as a co-author and that I am a professional biostatistician.

Please contact me if you have any queries.

Sincerely, 

Federico Ambrogì, Ph.D.

Associate Professor of Biostatistics, University of Milan

Department of Clinical Sciences and Community Health

Laboratory of Medical Statistics and Biometry "Giulio A. Maccacaro",

Campus Cascina Rosa, Via Vanzetti 5, 20133 Milano (Italy)
