SPECIFIC COMMENTS TO AUTHORS

This is an interesting study, and all the limitations have been stated. There are several typing mistakes that need to be corrected.

SPECIFIC COMMENTS TO AUTHORS

This is valuable study with important results proving significant differences in hospitalization rates between men and women. The authors hypothesize as to what might be the reasons for these disparities and that aspect deserves further study.

E-mail: bpgoffice@wjgnet.com
https:// www.wjgnet.com

However, even though the reasons for differences in hospitalization rates are not entirely elucidated, I think that this study deserves publication.
