Dear Dr. Hayama:

I am sending herewith the first-check revisions to your manuscript (Job No. R1102087). Please read the manuscript carefully to ensure that the revisions reflect your intended meaning and address my comments in the text.

If any of the changes are unclear, please make a note of these and return your paper for a **proof check**. If you have any questions or comments, please include them at that time. However, if you are satisfied with the paper in its current form, then we wish you the best of luck with your submission.
