### SPECIFIC COMMENTS TO AUTHORS

Dear Authors, It was a pleasure to read your interesting opinion review. The only revision I suggest is to change the title, since actual evidences do not allow such a strong statement. An alternative title could be: "Cellular therapy: a promising tool in the future of colorectal surgery". Anyway, the assertion needs to be mtitigated someway.

## SPECIFIC COMMENTS TO AUTHORS

This paper provides a valuable review of the role of cellular therapy in the treatment of colorectal cancer. It deals with important problems associated with CRC such as metastatic spread and anastomotic leakage. Insight is given into promising new approaches to these issues.
