

# Certificate of biostatistics

28 September 2018

To whom it may concern

**Title of study: A Multi-centre, prospective observational study of management of skin toxicities during treatment with panitumumab (Vectibix®) in patients with wild-type KRAS Metastatic Colorectal Cancer (Protocole Number: 20090656)**

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely,
