Kaposi's sarcoma in two primary liver allograft recipients ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3002425>

Jan 01, 1993 · Introduction. The overall prognosis for Kaposi's sarcoma in liver allograft recipients has, however, been poor with a 45% mortality rate in a series of such patients presented by Bismuth et al. in 1991 (2). This contrasts markedly with the results of recent review from the University of Pittsburgh of 15 patients with PTLD...
