Director of English-language Studies
Academic Director of Mobility Programs
Nova School of Business and Economics
Universidade Nova de Lisboa
Campus de Campolide, 1099-032 Lisboa
Portugal

huffstot@novasbe.pt

paper title: **Genetic Testing versus microforceps biopsy in pancreatic cysts: systematic review and meta-analysis**

authors: Sandra Faias, Luisa Pereira, Ângelo Luís, Paula Chaves and Marília Cravo

Manuscript ID: **46398 World Journal of Gastroenterology**

I affirm that I have proof-read the above-named manuscript and corrected the English, and that in my opinion it is ready for publication.

I further affirm that my first language is English and that I was born and raised in St. Louis, Missouri, earned my education through the undergraduate level in the United States, and moved to Europe only as an adult.

I have been proof-reading scholarly articles etc. for colleagues for the last 30 years.

A handwritten signature in black ink on a light yellow background. The signature is cursive and appears to read 'John S. Huffstot'.

John S. Huffstot
