Early-Age Onset Colorectal Cancer | Fight Colorectal Cancer

<https://fightcolorectalcancer.org/prevent/early-age-onset-colorectal-cancer> ▾

Early-Age Onset Colorectal Cancer Research tells us that colorectal cancer is no longer a disease that only affects older populations. While nearly 90% of colorectal cancer cases occur in people over the age of 50, since the mid-1990s, the number of new cases of colorectal cancer (CRC) has been increasing among adults under 55 years old.

An Earlier Onset for Colorectal Cancer - hopkinsmedicine.org

<https://www.hopkinsmedicine.org/news/articles/an-earlier-onset-for-colorectal-cancer> ▾

An Earlier Onset for Colorectal Cancer . . . in younger colorectal patients compared with their older counterparts and different tumor characteristics in early onset colorectal cancer versus more typical colorectal cancer. . . . What risk factors are associated with colorectal cancer? A: Although potential risk factors include smoking, obesity . . .

Colorectal Cancer Risk Factors - American Cancer Society

<https://www.cancer.org/cancer/colon-rectal-cancer/causes-risks-prevention/risk-factors> ▾

Colorectal Cancer Risk Factors. A risk factor is anything that affects your chance of getting a disease such as cancer. Different cancers have different risk factors. Some risk factors, like smoking, can be changed. Others, like a person's age or family history, can't be changed.

Early-Onset Colorectal Cancer | Fight Colorectal Cancer

<https://fightcolorectalcancer.org/research/driving-research/early-onset-colorectal-cancer> ▾

The Advocate Role in early-onset colorectal cancer. Advocate voices are critical for research and advocacy efforts. It may seem like a simple solution, but because the absolute rate of CRC in those under age 50 is lower than the older age group by 10 fold, it will require direct evidence of effectiveness of screening in those under age 50 in order to change the screening guidelines.

Young-Onset Colorectal Cancer Center - Dana-Farber Cancer ...

<https://www.dana-farber.org/young-onset-colorectal-cancer-center> ▾

Leading the Way in Research on Young-Onset Colorectal Cancer. Research is the centerpiece of the Young-Onset Colorectal Cancer Center. Our Center is committed to understanding the growing incidence of colorectal cancer in young adults and developing new ways to prevent, detect, and treat it.
