

April 4, 2019

Dear Editor,

Thank you very much for considering my manuscript entitled “**Which factors determine exocrine pancreatic dysfunction in diabetes mellitus?**” for publication in *World Journal of Gastroenterology*. I also thank the Editorial board and the Referees for their crucial contributions.

I have reviewed the valuable comments made by the Reviewers and further revised the manuscript accordingly. Enclosed please find the list of the corrections made and copy of the revised manuscript.

Yours faithfully,
Mustafa ALTAY, MD

Encl.:
