### (PDF) Hepatocellular carcinoma related to attempt of ...

[https://www.researchgate.net/publication/283834047\\_Hepatocellular...](https://www.researchgate.net/publication/283834047_Hepatocellular...)

**Hepatocellular adenoma** (HA) is a benign **hepatic lesion** that predominantly occurs in **young women**. Most **hepatocellular carcinomas** (HCC) arise in a **cirrhotic liver** during the fifth or sixth decades.

### Successful infertility treatment following fertility ...

<https://onlinelibrary.wiley.com/doi/10.1007/s12522-011-0083-8>

In order to investigate how treatment may affect fertility, we conducted a literature search (PubMed; 1978, when the first case of pregnancy following fertility-sparing surgery and chemotherapy for endodermal sinus tumor was reported to 2010; English language; search terms: 'malignant ovarian germ cell tumor', and 'reproduction', 'pregnancy', or 'fertility'). We also tried to find relevant articles from the references.

### Successful infertility treatment following fertility ...

<https://onlinelibrary.wiley.com/doi/10.1007/s12522-011-0083-8>

Malignant ovarian germ cell tumors (MOGCTs) are highly chemosensitive tumors most commonly found in adolescent girls and young women. However, patients with advanced disease can now be successfully cured with fertility-sparing surgery and adjuvant chemotherapy, resulting in childbearing.
