

Re : Manuscript Number 46910 entitled " Clinical efficacy of TACE combined with radiotherapy based on gemcitabine plus cisplatin in hilar cholangiocarcinoma"

Dear Editors,

Thank you very much for your letter inviting us to submit a revised version of the above-mentioned manuscript. We have revised the paper according to the Editors' and reviewers' suggestions. Attached please find the revised version of the paper, with highlighting where changes have been made in the manuscript.

Below are our specific responses to the reviewers' comments

Reponses to Reviewer 1:

Comment 1: The figure 1 and figure 2 are not very clear, figure documents should be updated.

Reponse1:We have updated the figure 1 and figure 2

Comment 2:The discussion is too long, please shorten it

Reponse2: We have shorten the discussion

Comment 3: Reference list is updated.

Reponse3: We have updated the reference list.

Comment 4 :Some minor language polishing should be revised.(both Reviewer 1 and Reviewer 2)

Reponse4: The manuscript has been edited for proper English language by AJE with the Certificate Verification Key: 7D4F-2A4F-9821-0692-DD17

according to the requirements of publishers. At the same time, the authors have carefully proofread the manuscript.

We believe that we have adequately responded to the Editors' and reviewers' comment, and hope that our paper is acceptable for publication by *World Journal of Gastrointestinal Oncology* now.

Yours sincerely,

Tao Yu
