To the:
World Journal of Gastroenterology

Athens, March 20th, 2014

To whom it may concern,

Dear Madam/Sir,

I hereby confirm that I am native English speaker as I performed most of my PhD thesis (2 years) in the:

CRC Lab., Dept. of Pathology, University Medical School, Edinburgh, Scotland, UK under the supervision of Prof. A.H. Wyllie.

Also, since Feb of 1999, I am a Research Collaborator with Dr T. Liloglou at the University of Liverpool, UK. Please also consider my publication record (<http://www.ncbi.nlm.nih.gov/pubmed/?term=Kotsinas+A>), which would have been impossible without good knowledge of the English language.
I thank you in advance.

Certifying,

Dr Athanassios Kotsinas
Assistant Professor
Molecular Carcinogenesis Group
Lab Histology-Embryology
Medical School
