To the Editor in Chief,

World Journal of Gastroenterology.

Dear Professor Ruo-Yu Ma,

Please find enclosed a point-by-point response of the original submission entitled "Intermediate-Advanced hepatocellular carcinoma in Argentina: treatment and survival analysis."

Editor's comments and suggestions:

1-Please provide language certificate letter by professional English language editing companies (Classification of manuscript language quality evaluation is B). For manuscripts submitted by non-native speakers of English, please provided language certificate by professional English language editing companies mentioned in 'The Revision Policies of BPG for Article'.

*Response: We have done as requested previously. All researches and manuscripts are evaluated by the Institutional English Prof, Ines Bucca. We have done this as requested and previously submitted.*

2- Audio core tip: In order to attract readers to read your full-text article, we request that the author make an audio file describing your final core tip, it is necessary for final acceptance. Please refer to Instruction to authors on our website or attached Format for detailed information. The accepted formats are mp3 or wma.

*Response: We have done as requested.*

3- Please provide the decomposable figure of all the figures, whose parts are all movable and editable, organize them into a PowerPoint file, and submit as "Manuscript No. - image files.ppt" on the system. Make sure that the layers in the PPT file are fully editable. For figures, use distinct colors with comparable visibility and consider colorblind individuals by avoiding the use of red and green for contrast.

*Response: We have done as requested.*

4- Your manuscript should be prepared with Word-processing Software, using 12 pt Book Antiqua font and 1.5 line spacing with ample margins. Please revise and perfect your manuscript according to peer-reviewers' comments. Please upload the required files on the system.

*Response: We have done as requested.*

Reviewer's comments and suggestions:

1-Congratulations, excellent work, only few clarifications were recommended about management in specific BCLC states

*Response: We thank the reviewer for this comment and we have done as requested.*

We have answered and made corrections according to the Editor's suggestions and each reviewer, which are highlighted in the manuscript. We have carefully answered and included all the suggestions made the best we could. We believe this report to be novel, interesting and appropriate subject matter to the readership of World Journal of Gastroenterology.

All the authors have contributed to and agreed on the content of the manuscript. The manuscript has not been published previously in any language, in whole or in part and is not currently under consideration elsewhere.
