Gastrointestinal<sup>1</sup> stress ulcer prophylaxis in the intensive care unit, where is the data?

Alshami A<sup>1</sup> et al. Stress ulcer prophylaxis

Abbas Alshami, Sheily Vianney Barona Hernandez, Joseph Varon, Salim Surani

### Abstract

Stress-induced gastrointestinal ulcers are common among patients admitted to the intensive care unit (ICU). These ulcers impose significant morbidity and mortality, therefore, stress ulcer prophylaxis (SUP) is a common clinical practice among healthcare
