Re: *Evaluation of Clinical Outcomes in an Interdisciplinary Abdominal Pain Clinic (APC): A Retrospective, Exploratory Review*; Amanda D. Deacy, PhD; Craig A. Friesen, MD; Vincent S. Staggs, PhD; Jennifer V. Schurman, PhD

To Whom It May Concern:

This letter is to confirm that I have performed the data analysis included in the above-referenced study. Further, I believe that the statistical methods employed are appropriate and that the results are accurate.

Sincerely,

A handwritten signature in black ink, appearing to read "V. Staggs", written over a light blue horizontal line.
