

Response to Reviewers

Dear Editor, Stem Cell International,

June 25, 2019

We would like to thank you and the reviewers for the time taken to review our submitted manuscript titled: "Allogenic tooth transplantation using 3D printing: a case report and review". We have carefully considered all the valuable comments by the reviewers and provide an appropriate response to his/her final concern accordingly.

Sincerely,

Xiaoxin Zhang, DDS, PhD
University of Wuhan, China

Reviewer #1:

The manuscript is very good. It covers nicely a new alternative to replace missed dental pieces using a well awaited technological tool. The bibliographic review also is clear and illustrative. The figures have good photographic resolution and illustrate very well what the authors did in their patient.
