Re: The relationship between acute hypercarbia and hyperkalaemia during surgery
Project No: (HREC/15/Austin/412) Austin Health Project Number: DT 19/53250

This is to confirm that the above study received an internal Research Grant from the Department of Anaesthesia to support the funding of this study. As this was an investigator initiated study, there was no application form required.

Yours sincerely,

A/Prof Laurence Weinberg
BSc, MBBCh,MRCP,DPCritCareEcho,FANZCA,MD
