

Dear Editor and Reviewers:

Thank you for giving us the opportunity to revise our manuscript entitled, “[Effect of dl-3-n-butylphthalide on infarction volume in animal models of ischemic stroke: a meta-analysis](#)” (Manuscript ID: 49006). Those comments are all valuable and very helpful for revising and improving our paper. We have studied reviewer’s comments carefully and have revised the manuscript accordingly. We have revised the introduction and discussion section of the original manuscript. We hope that you will find our revised manuscript satisfactory. We would like to express our great appreciations to your work on our paper. Please do not hesitate to contact me if you need any further information.

Best wishes,

Di Luan

Responses to the reviewer:

This article is a syetematic review and meta-analysis of animal experiences. The authors was to evaluate the effect of dl-3-n-butylphthalide on infarct volume in experimental ischemic stroke. There is significance for further study in this field.

[Response: Thank you for your comment. We fully agree with you. Best wishes for you.](#)
