

**CERTIFICATE OF ENGLISH EDITING****MANUSCRIPT TITLE****"Intestinal Permeability in the Pathogenesis of Liver Damage: from NAFLD to Liver Transplantation"****CONTRACTING AUTHOR****Antonio Grieco****DATE ISSUED****20 May 2019****CERTIFICATE No.****2019270**

This is to certify that the above manuscript has been edited and proofread by one or more of our expert editors for grammar, spelling, punctuation, and overall style, using our *Standard* (basic) editing. The edits were carried out using the “Track changes” feature in MS Word, giving the authors final control over whether to accept or reject our changes prior to submission. A copy of our edited version can be provided upon request. All our editors are experienced academics from a range of scientific disciplines with PhD degrees and native English proficiency.

Yours sincerely,

Oliver Ross (PhD)

Editor-in-chief & Principal Scientist

*About XpertScientific:*

At XpertScientific we carry out professional English language proofreading and copy-editing for authors and publishers of scientific documents. In addition, we provide science consulting services ranging from numerical modelling over data analyses to project management. Our team of experts consists of academics from a variety of science disciplines including marine, earth, life, medical, environmental and social sciences.
