SPECIFIC COMMENTS TO AUTHORS

For Authors, This meta-analysis was investigated to evaluate the prognostic significance of malignant ascites in gastric cancer patients with peritoneal metastasis.

1) When the patients underwent assessment with Computed Tomography (CT)? At the

first visit? Were all cases primary gastric cancer, not recurrence? 2) In Discussion section, you described the 5-year OS of gastric cancer patients with peritoneal metastasis. However, you should demonstrate with more recent literature. 3) In Abstract and Conclusion section, you should add 'cancer' in (P.4, L4 and P.12, L.25 (Gastric patients to Gastric cancer patients). 4) The prognosis of gastric cancer patients with peritoneal metastasis is very poor. You demonstrated the prognosis of gastric cancer patients with malignant ascites was related to the volume. You should describe the treatment plans using the ascites grade that you evaluated in this report.
