Pediatric bladder neuroblastoma: Case report and ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3776040>

Case report. The patient proceeded to have partial cystectomy, resecting the dome of the **bladder** with grossly negative margins and intra-operative frozen section concerning for rhabdomyosarcoma. The final **pathologic diagnosis**, however, was **stroma-poor**, differentiating neuroblastoma (NBL) with microscopic positive margins in a few foci (Fig. 2).

Case Report: An Unusual Case of Adrenal Neuroblastoma in ...

theoncologist.alphamedpress.org/content/13/2/152.full

Feb 01, 2008 - **Adult adrenal neuroblastoma** is an uncommon malignancy and, to our knowledge, there was no case of this **tumor** occurring in **pregnancy** ever described in the English literature. The **case presentation** is followed by a general discussion with an emphasis on the diagnosis, treatment, and **follow-up of neuroblastoma** and its association with pregnancy.

Pediatric bladder neuroblastoma: Case report and ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3776040>

Neuroblastoma (NBL) of the urinary bladder is an extremely rare diagnosis, with only 6 cases reported in the literature to date. We report the case of a 3-year-old boy who presented with gross hematuria, and was diagnosed with bladder NBL after partial ...

Case Report: An Unusual Case of Adrenal Neuroblastoma in ...

theoncologist.alphamedpress.org/content/13/2/152.full

Feb 01, 2008 · Abstract. Neuroblastomas are the fourth most common malignancy of childhood and account for most adrenal tumors in children. However, they are rarely reported in adults. We present herein an extremely rare case of adrenal neuroblastoma occurring in a 25-year-old woman during her first trimester of pregnancy.

Pediatric bladder neuroblastoma: Case report and ...

<https://www.thefreelibrary.com/Pediatric+bladder+neuroblastoma:+Case+report+and...> ▼

Sep 01, 2013 · We report the case of a 3-year-old boy presenting with hematuria who was found to have NBL in a rare location. With 7 cases of bladder NBL now reported to date, and perhaps other unreported cases, NBL should be considered as a possible differential diagnosis for bladder ...

Bilateral testicular masses: An unusual presentation of ...

<https://www.sciencedirect.com/science/article/pii/S0090429506003608>

Neuroblastoma originates from primitive neural crest cells and usually presents as a mass of the sympathetic nervous system, most commonly an abdominal mass arising from the adrenal medulla. 1 Between 50% and 70% of patients with neuroblastoma have metastasis at presentation, with older children more likely to have distant metastasis. 2 The most common sites of distant metastasis include the bone marrow...
