Reply to editorial comments:

Please change the main body of the case report to the following format.

Answer: This was done accordingly.

Please check and confirm that there are no repeated references!

Answer: There were no repeated references.

Please provide the decomposable figure of all the figures, whose parts are all movable and editable, organize them into a PowerPoint file, and submit as "Manuscript No. - image files.ppt" on the system. Make sure that the layers in the PPT file are fully editable. For figures, use distinct colors with comparable visibility and consider colorblind individuals by avoiding the use of red and green for contrast.

Answer: mage file was done as your request. We adjusted the color of figure as well.

Reply to reviewer comments:

Accepted for rarity.

Answer: Thank you very much.

It is a well written report. Table of patients is good. A brief description about diaphragmatic hemangioma, their mode of presentation, and management protocol would help readers to know about this entity.

Answer: Thank you for your kind advice. Some associated description was mentioned in discussion part.

Thank you for considering the review.
