Dear reviewers,

Thank you for your review. We revised our case report with the following changes:

- We added a 'Running title'
- We changed the author names according to the recommendations
- We added a copyright license agreement signed by all the authors
- We changed the contributions according to the recommendations
- We added an informed consent statement signed by all the authors
- We added the new CARE checklist statement according to the revision
- We added a core tip of no more than 100 words
- We changed the numbering of the references
- We added the following headlines according to the recommendations (chief complaints, history of present illness, history of past illness, physical examination, laboratory examinations, imaging examinations, final diagnosis, treatment, outcome and follow up)
- We reviewed the references and deleted two repeated references
- We added PMID and DOI
- For one reference we added a copy of the article due to the lack of DOI

Thank you for the recommendations and the review.

Yours sincerely,

M. Verseveld, E. Boevé, R. Roomer, and S. Hendriks
