

Dear editor,

Thank you for your letter and for the reviewers' comments concerning our manuscript entitled "Characteristics of prostatic stromal sarcoma with rhabdoid features: Case report and literature review." Manuscript NO: 52868. Those comments are all valuable and very helpful for revising and improving our paper, as well as the important guiding significance to our researches. We have studied comments carefully and have made correction which we hope meet with approval. Revised portion are marked in red in the paper. The main corrections in the paper and the responds to the reviewer's comments are as flowing:

1. All antibodies were ready-to-use type purchased from Beijing zhongshan biotechnology.
2. We have chosen another figure as Figure2C to better display poor differentiation of embryonoid rhabdomyoblasts with abundant eosinophilic cytoplasm.
3. Figure2D legend had been changed to a more accurate description.
4. We have made format and language correction based on the reviewer's opinion.

We appreciate for Editors/Reviewers' warm work earnestly, and hope that the correction will meet with approval. Once again, thank you very much for your comments and suggestions.
