

### PEER-REVIEW REPORT

**Name of journal:** World Journal of Gastroenterology

**Manuscript NO:** 53544

**Title:** Can adiponectin have an additional effect on the regulation of food intake by inducing gastric motor changes?

**Reviewer's code:** 03477174

**Position:** Peer Reviewer

**Academic degree:** MD

**Professional title:** Associate Professor

**Reviewer's Country/Territory:** Turkey

**Author's Country/Territory:** Italy

**Manuscript submission date:** 2019-12-23

**Reviewer chosen by:** Jie Wang

**Reviewer accepted review:** 2020-01-17 19:14

**Reviewer performed review:** 2020-01-21 06:32

**Review time:** 3 Days and 11 Hours

#### **SPECIFIC COMMENTS TO AUTHORS**

-Your manuscript illuminating the role of adiponectin in food intake and hence its impact on obesity and related disorders is demanded, however there are multiple remarks that deserve your revision: 1-Major language editing is warranted. 2-You have to mention the original nomenclature of an item before listing its abbreviation. 3- It is more appropriate to discuss the actions of Adiponectin either centrally or peripherally on the basis of different effects on AdipoR1 and AdipoR2 which you have to discuss extensively. This may explain the controversies in actions obtained in various studies. 4-You have not pointed to the status of Adiponectin in crossing the blood brain barrier and whether it is secreted locally in the brain tissues; and if so, what is the role of local Adiponectin in mediating its various actions?

#### **SPECIFIC COMMENTS TO AUTHORS**

The title/subject is very interesting and topical, the manuscript is well structured. Authors introduced their findings on additional potential role of adiponectin that needs further attention. The manuscript is well written and clearly explained. However, to even improve the subject I would kindly suggest including the schematic presentation of adiponectin function on various organs - known and recently discovered - so the reader can get quick and brief summary on the whole picture of the issue.
