

26th October 2017

Dear Dr McNamara

Please be advised that the following project was discussed at the meeting of the QI & Clinical Audit Committee on 25/Oct/2017:

Effect of nodal status and yield on survival after curative resection of gastroenteropancreatic neuroendocrine tumours (reference SE17/2065).

The project was approved as a service evaluation.

I also attach our report template, required for completion at the end of the project, for your reference.

Please contact the Clinical Audit team if you require any further information or help with your project.

Kind regards

Joseph Cope
