

Dear Editor:

To resolve the issue in the manuscript based on peer-review report(s), A native English speaking medical editor at MedE Medical Editing Group has edited the manuscript for grammar, sentence structure, word usage, spelling, capitalization, punctuation, format, and general readability so that the edited paper has reached grade A in language evaluation for SCI journals.

Best regards.

>Sincerely

REVIEWER:

This paper is an interesting review about the differences of pNETG3 and pNECG3. The paper is well-written and assesses the real differences between the two groups of pNETs. I suggest an English revision.

ANSWERING:

Thank you very much.
