

Biostatistics statement

To Editor: of World Journal of Gastrointestinal Pathophysiology

Manuscript title: P2X7 receptor antagonist recovers ileum myenteric neurons after experimental ulcerative colitis (Manuscript NO: 54064)

Authors: Roberta Figueiroa Souza, Cristina Mendes, Marta Righetti, Múcio Lourenço, Patricia Castelucci, Mariá Evangelinellis, Patricia Castelucci

I certify that the statistical analysis of this study was performing by Associate Professor Patricia Castelucci, PhD of the Department of Anatomy/Institute Biomedical and Sciences of the University of São Paulo and Rosana Prisco, Statistical Biomedical at Institute Biomedical and Sciences of the University of São Paulo. The data were compared by analysis of variance (ANOVA) and Tukey's test for multiple comparisons as appropriate. A $P < 0.05$ was considered statistically significant.

Dr Patricia Castelucci, PhD
