Title: Gastroparesis: new insights into an old disease

Usai-Satta P *et al.* New insights into gastroparesis

Paolo Usai-Satta, Massimo Bellini, Olivia Morelli, Francesca Geri, Mariantonia Lai, Gabrio Bassotti

Abstract

Gastroparesis (Gp) <sup>8</sup> is a chronic disease characterized by a delayed gastric emptying in the absence of mechanical obstruction. Although this condition has been reported in the literature since the mid-1900s, only recently has there been renewed clinical and scientific
