Biostatistics Review Certificate

This letter serves to verify that the first author (Timo Rath), several co-authors (Andreas Kremer, Arthur Hoffmann, Markus Neurath) and the senior author (Steffen Zopf) of the manuscript

Retrograde inspection versus standard forward view for the detection of colorectal adenomas during colonoscopy: a back-to-back randomized controlled trial

have long standing experience in conduction biostatistical analyses. Cumulatively, the authors have published >500 peer-reviewed scientific papers. The above mentioned authors performed the biostatistical analyses in the current study and all authors checked and approved the statistical analyses. :

If further questions remain, please do not hesitate to contact us immediately.

With very kind regards
