SPECIFIC COMMENTS TO AUTHORS

This is a good paper with interest for practice. The only comment is that is very long. The table in the end is very useful for the readers. To keywords: antiplatelet and anticoagulant therapy To the introduction: use separate paragraphs for anticoagulant therapy, for ASA, Dipyridamol, Thienopyridine

SPECIFIC COMMENTS TO AUTHORS

The authors presented a well-organized and targeted review of management of antiplatelet or anticoagulant therapy in endoscopy. When it comes to describe the risk of bleeding with different endoscopic procedures, the authors listed almost all commonly used endoscopic techniques, but except POEM ,Why? And there are a few spelling mistakes in the manuscript.
