tel.: 080 5592394

Bari, ITALY 18 March 2020

## **BIostatISTICS REVIEW CERTIFICATE**

To Whom It May Concern:

This is to certify that the statistical review of the study “*Helicobacter pylori*-induced inflammation masks the underlying presence of low-grade dysplasia on gastric lesions” by Panarese A et al. submitted to World Journal of Gastroenterology, has been performed by myself as biomedical statistician.

Sincerely,

- Francesco Pesce
