### [Sequential transcatheter arterial chemoembolization and ...](#)

<https://www.sciencedirect.com/science/article/pii/S1499387220300837>

Recent studies showed that sequential selective **transcatheter arterial chemoembolization** (TACE) and **portal vein embolization** (PVE) provided better fut...

### [Effect of portal vein embolization on treatment plan prior ...](#)

<https://www.sciencedirect.com/science/article/pii/S1365182X19300127>

**Portal vein embolization** (PVE) is used before **major hepatectomy for hepatocellular carcinoma** (HCC) to increase future liver remnant (FLR) volume. However, this may increase tumour growth rate, leading to more extensive resections. This study aimed to determine the effect of ...
