Comprehensive review of hepatotoxicity associated with traditional Indian Ayurvedic herbs

Philips CA *et al.* Ayurvedic herbs and liver toxicity

Cyriac Abby Philips, Rizwan Ahamed, Sasidharan Rajesh, Tom George, Meera Mohanan, Philip Augustine

Abstract

With growing antipathy toward conventional prescription drugs due to fear of adverse events, the general and patient population have been increasingly using complementary and alternative medications (CAMs) for managing acute and chronic diseases. The general misconception is that natural herbal based preparations are devoid of toxicity, and hence short- and long-term use remains justified among people as well as the CAM practitioners who prescribe these medicines. In this regard, Ayurvedic herbal
