To Whom It May Concern,

I am an American-born physician-scientist whose native language is English. I have published more than 180 peer-reviewed papers in English, and serve as the Comprehensive Editor-in Chief of the Journal of Clinical and Translational Hepatology, and Senior Associate Editor of the Journal of Digestive Diseases.

I have carefully reviewed and revised the manuscript entitled, "Massive Gastrointestinal Bleeding Caused by a Dieulafoy Lesion in a Duodenal Diverticulum: A Case Report", by Z. He et al. I declare that the English is now acceptable for publication in an English language journal.

Sincerely,

  
George Y. Wu, M.D., Ph.D.

Professor of Medicine

Chief, Section of Hepatology

Herman Lopata Chair in Hepatitis Research
