

June, 14

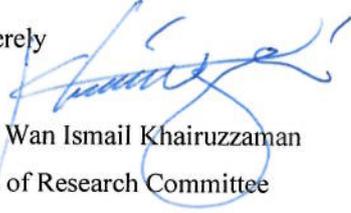

Dear editor of *World Journal of Gastroenterology*,

Warm greetings,

This to certify that the project titled “Updated bone mineral density status in Saudi patients with inflammatory bowel disease” was fully supported from the annual budget of the research unit at Sulaiman AlRajhi University (SRU).

Mohammed Ewid, MD, an assistant professor of Medicine at SRU was the principal investigator of this project. He conducted the study at King Fahad Specialist Hospital, Buraidah, Al-Qassim between February 2018 and December 2019.

Sincerely

Prof. Wan Ismail Khairuzzaman  
Head of Research Committee  
Sulaiman AlRajhi University
