From: Regional Research Ethics Committee, Registered at National Committee of Bio & Med.
Ethics. Registration No. H-04-Q-001

Research title: "Magnitude of low bone mineral density and its risk factors among patients
with inflammatory bowel diseases"

Dear P.I,

We are pleased to inform you that the local research ethics committee had approved your research proposal.
Your efforts to meet the criteria requested by The National Bioethics Committee are highly appreciated.

- Revision type: Expedited
- Institute: KFSH, Qassim
- Study design: A cross-sectional Study
- Decision: Approval, for: ☒ Implementation ☒ Publication

Upon receiving this approval, you may commence your field work at your convenience.

- You should be responsible in upholding confidentiality of participant's data.
- **A written approval from KFSH, Buraydah Director** has to be granted to the study PI before any field work is commenced.
- All **Dexa-scan** care consequences have to be optimally provided to all patients, as needed.
- This approval is for study implementation **ONLY**. In case of publication, kindly submit to the committee a new request specifying the name of the periodical /journal with a copy of the study report.
- Kindly, update us about your project advancement every 6 months. On completion of your project, kindly send us a summary of the project final report.
- Please state on any communication, e.g. scientific presentation or conference, that your proposal had been ethically approved by Qassim Research Ethics Committee.
- Finally, be aware that this approval embraces no financial (or any other) obligations or responsibilities on Saudi Ministry of Health or its health affiliates.

Note: Any corrections and/or alterations of this certificate will make it invalid.

For queries, please call Dr. Amel Sulaiman at telephone No. 00966163693429 ext. 105 or e-mail: qassim_ethcom@yahoo.com.

Best regards,

Dr. Abdullah M. Al Saigul

Chairman, Regional Research
Ethics Committee - Qassim Province

Dr. Amel A. Suliman

Coordinator, Regional Research
Ethics Committee - Qassim Province
