PEER-REVIEW REPORT

Name of journal: World Journal of Gastroenterology

Manuscript NO: 56734

Title: Succinate dehydrogenase deficiency in gastrointestinal stromal tumors: oncometabolites and human cancer

Reviewer's code: 03724099

Position: Editorial Board

Academic degree: MD

Professional title: Assistant Professor

Reviewer's Country/Territory: United States

Author's Country/Territory: China

Manuscript submission date: 2020-05-27

Reviewer chosen by: AI Technique

Reviewer accepted review: 2020-05-28 03:20

Reviewer performed review: 2020-05-28 04:14

Review time: 1 Hour

SPECIFIC COMMENTS TO AUTHORS

This is a well written comprehensive review on the role of succinate dehydrogenase deficiency, resultant oncometabolites in human cancer with focus on GIST. The review covers all aspects in detail. My main concern is title of the article, which is little confusing as even though authors mention role of SDH deficiency in human cancer with focus on GIST, the title can not convey that notion. Some suggestions: Role of Succinate dehydrogenase deficiency and oncometabolites in Gastrointestinal stromal tumors. Succinate dehydrogenase deficiency, oncometabolites in human cancer with focus on GIST.
