Palliative chemotherapy: harms and benefits weighed in new ...

<https://www.medicalnewstoday.com/articles/273526> ▼

Mar 05, 2014 · The team also found that **patients receiving palliative chemotherapy** were more likely to be referred to **hospice care** much later than those **not receiving the therapy**.

Impact of palliative care in patients with metastatic ...

https://www.researchgate.net/publication/339035015_Impact_of_palliative_care_in..

We investigated the **impact of palliative** care in **patients** with mEC who declined **chemotherapy** (CTX). Methods: The National **Cancer** Database was used to identify **patients** between 2004-2015.

Palliative chemotherapy and targeted therapies for ...

<https://www.ncbi.nlm.nih.gov/pubmed/29182797>

Nov 28, 2017 · **Chemotherapy** and **targeted therapies** are increasingly used with a **palliative** intent to **control tumor growth**, improve quality of life, and prolong survival. To date, and with the exception of ramucirumab, evidence for the **efficacy of palliative treatments for esophageal and gastroesophageal cancer** is lacking.
