Dear World J Gastrointest Oncol. Reviewer and staff,

This letter is intended to inform you that patient presented and discussed in the manuscript submitted to your journal is deceased. Patient gave his verbal consent form to me (Maen Abdelrahim, MD, PhD) as his primary oncologist to use his clinical care information and case for future publications and educational presentations. Please let us know if you have any further questions. We are looking forward for your review of this educational case and promising concept of chemotherapy re-challenge in colorectal cancer management.

Sincerely,

A large black rectangular redaction box covers the signature and the name of the sender.
