

Response to the reviewers

We read the reviewer's opinions regarding our manuscript, entitled "*Assessment of Disease Activity in IBD: Non-Invasive Biomarkers and Endoscopic Scores*" by Rodrigues BL and colleagues, that we sent for publication in the World Journal of Gastrointestinal Endoscopy. We would like to thank the reviewers for the opinions and we have worked thoroughly to answer the issues raised and to improve the quality of our manuscript.

We have prepared below a list to answer the reviewers' comments, and we hope that our paper is now suitable for publication.

Reviewers' comments

Reviewer #1

Specific Comments To Authors:	This is an interesting article addressing an important clinical issue. The manuscript is well written and I recommend it be accepted as is.
Scientific Quality:	Grade B (Very good)
Language Quality:	Grade A (Priority publishing)
Conclusion:	Accept (General priority)

Answer: We thank the reviewer for the opinion and the recommendation to be published.

Reviewer #2
